A.

Holocene

Lag rate

Site
NOCA − MORA

Climate change rate
+1 standardized unit per century

Fire activity
+1 event per century per core

Pace effect

Site
NOCA − MORA

Climate change rate
+1 standardized unit per century

Fire activity
+1 event per century per core

Direction effect

Site
NOCA − MORA

Climate change rate
+1 standardized unit per century

Fire activity
+1 event per century per core

−0.5 0.0 0.5 1.0 1.5

Effect on response
(CCA distance per century)

Descriptive R^2: lag rate 0.088, pace effect 0.172, direction effect 0.219.

B.

Anthropocene

Lag rate

Site
NOCA − MORA

Fire
burned − unburned

Pace effect

Site
NOCA − MORA

Fire
burned − unburned

Direction effect

Site
NOCA − MORA

Fire
burned − unburned

−1 0 1

Effect on response
(CCA distance per century)

Descriptive R^2: lag rate 0.029, pace effect 0.041, direction effect 0.032.
